Concerning Regulation 347/2013 on guidelines for trans-European energy infrastructure, and the list of Projects of Common Interest – status for the project between Peterhead (UK) and Sima or Samnanger (NO)

Dear Philip Lowe,

I write to you concerning the PCI-list and the decisions made by the Decision Making Body in their meeting 24 July this year. I confirm the Norwegian Government's position that the project between Peterhead in UK and Sima or Samnanger in Norway should be removed from the PCI-list.

Yours sincerely

Elisabeth Berge
