Emne: Draft regional list and PCI list of electricity projects concerning Norway

Dear Catharina,

Reference to our conversation last week and to e-mails received from the Commission this week.

This is to inform you that Norway will approve the inclusion of NordLink (project 37 in the TYNDP), NSL (project 110 in the TYNDP) and NorthConnect (project 190 in the TYNDP) in the draft regional list and the PCI list. Norway will however not approve the inclusion of Maali (project 294 in the TYNDP) in the draft regional list or the PCI list.

Best regards,
Manus Pandey

Specialist Director
Energy and Water Resources Department
Norwegian Ministry of Petroleum and Energy
