Norway

Request for an extension of the deadline to reply to the supplementary request for information

Reference is made to your letter dated 18 September (Your ref 15/3597-, our ref 1397903), where the Ministry requested an extension of the deadline to the supplementary request for information of 17 August 2023 concerning Maritime PSO Routes in Norway (Doc No 1391762) The deadline for a reply from the Ministry of Transport was set to Friday 29 September 2023 but in the letter, the Ministry requested an extension until Friday 17 November.

The Directorate grants the requested extension.

It should be noted that the question concerning a proposal for a new regulation to introduce requirements for zero-emission vessels will be on the list of items for discussion at the annual package meeting in Norway, which will take place in week 43. The Directorate requests that that meeting will take place irrespective of this extension.

Yours faithfully,

Valgerður Guðmundsdóttir
Deputy Director
Internal Market Affairs Directorate
